4. COURSE INFORMATION

a) Student Progression

During enrollment at Elite Education Institute, you must demonstrate consistency and progress in your studies.

The Award e.g. Bachelor of Business (Professional Accounting), is received by a student on completion of their Course of

ELITE EDUCATION INSTITUTE STUDENT HANDBOOK 2019

study. A Course of study is composed of Units e.g. ACC101, sometimes referred to as subjects. Each Unit has a value of credit points e.g. ACC101 has a 6 credit point value. These credit point values, for each Unit studied and passed, add up to meet the course requirements. When the course requirements are met, the Award is conferred. A trimester is a study period.

Under the ESOS legislation, it is required that an intervention strategy must be activated where the student has failed or is deemed not yet competent in 50% or more of the units attempted in any study period.

Assessments of course progress will take place at the end of each trimester. At this time, you will be formally assessed for Course progress and if you are not passing 50% of the units in which you enrolled in that trimester, then you will not be meeting the course requirements and you will be identified as making unsatisfactory academic progress.

Each unit will have assessment tasks. You are required to complete each assessment task to satisfy the course requirements. You will make good progress if you use English as much as possible, participate regularly during classes and complete all your homework, assessment tasks, tests and activities.

Some of the activities that will be included as assessment tasks are:

- In-class participation/attendance/tutorials
- Mid-trimester and end of trimester exams
- Research assignments
- Completion of online research
- Group and Individual Presentations
- Essays
- Weekly quizzes

b) Early Intervention

If your Lecturer or Tutor considers that you are at risk of inadequate course progress because you are not attending lectures or tutorials, or you are not performing well in assessment tasks, they will inform the Course Coordinator. To improve your progress, the following things may be implemented:

- You may have to attend academic skills sessions.
- You may have to attend language support sessions.
- You may have a student mentor appointed to help you during classes.
- You may be required to attend extra tutorial sessions.
- You may be required to attend counseling support sessions.

c) Intervention Strategy

The Institute will do everything it can to help you with your studies. However, if at the end of Trimester, you do not achieve satisfactory academic progress the intervention strategy will be applied to assist you.

The intervention strategy process:

1. You will be contacted by email or phone and asked to come for an interview with the Course Coordinator.
2. At the interview you will be counselled as to whether the course is the right course for you.
3. If you decide that the course is the right course for you and you want to continue to study at EEI, then you will sign a learning contract with the Course Coordinator.
4. The learning contract will outline the steps that are to be taken to improve your performance at EEI. This may include repeating a unit. This learning contract will be signed by you and the Course Coordinator, and a copy will be placed on your student file.
5. If you continue to make unsatisfactory course progress in the following trimester, you will be reported to the Department of Home Affairs, and your student visa may be cancelled.

You will receive a written notice of intention to report, which will include information on accessing an appeals process. If you believe that you have been treated unfairly, you may appeal in accordance with the Institute's Grievance Policy and

ELITE EDUCATION INSTITUTE STUDENT HANDBOOK 2019

Procedures. There are tight timelines for the appeal process, so be sure you understand what is required to be done and by when it needs to be done.

d) **Retake/Supplementary Assessments**

Elite Education Institute accepts that, for a variety of circumstances, a student may fail to attain the grades to pass a course. Retake / supplementary assessments are available for all units, the format of which will vary according to the nature of the unit and the marks attained by students on previous attempts.

Retake/supplementary assessment is available to those students who achieve a mark of 30% to 44% in a unit. The assessment can consist of one or more of the following:

- Participate in an intensive schedule of study
- Resubmit an assignment
- Submit a placement assignment on a different topic
- Sit for an examination in the inter-trimester break but prior to the commencement of the next trimester

If you wish to undertake retake/supplementary assessments, you should apply in writing to the Academic Dean.

e) **Exclusion**

You may be excluded from a course of study if you:

- Exceed the maximum period of candidature;
- Fail a core unit twice*;
- Fail more than 50% of the units in two consecutive trimesters and after the intervention strategy has been utilised.

Initial exclusion shall be from a period of at least one year. Students who are excluded for a second time may be excluded for a period of up to 5 years.

**You may apply for special permission to attempt a core unit for the third time. Applications should be made in writing to the Academic Dean and accompanied by evidence. Evidence could be in the form of Medical Certificates or a special letter of consideration from the Student Services Manager.*

f) **Publication of Results**

The Academic Dean is responsible for publication of the official examination timetable, authorizing the release of official result statements, and authorizing academic records. Results in individual assessments and grades awarded in a unit shall be displayed or published on student administration system (Wisenet).

g) **Attendance**

Attendance is an important element of your success in your studies, and regular attendance at all lectures, tutorials and workshops is expected. It is strongly recommended that students attend at least 80% of their classes to support their satisfactory course progress according to EEI's Student Progression, Exclusion and Graduation Policy.

h) **Leave of Absence from Course of Study**

If you are unable to attend classes for an extended period (longer than one week) you must complete a Leave Request Form and submit it to the Administration Office. Please note the following information regarding leave requests:

- On admission, new International Students must enrol for two (2) consecutive trimesters at EEI (e.g. successfully complete 8 subjects) before leave requests can be considered.
- Students must submit supporting evidence with their requests (e.g., in case of sickness, the EEI Medical Certificate as well as your Doctor's Certificate must be provided; in case of bereavement a copy of the death certificate is required). The outcome of the request will be passed on to the student in writing (by email) within 5 business days.
- Students MUST wait for their Leave Request to be processed and for a formal decision to be made, before ANY further arrangements can be made by the student (e.g. students can only book flight tickets AFTER the leave request has been approved).
- Students must clear any outstanding fees before a leave request can be processed (students with outstanding fees may be subject to a service restriction and penalties).
- Factors such as time available to complete studies within the CoE duration, as well as academic progress will be taken into consideration when evaluating a student's leave request.

6. TEACHING, DELIVERY AND ASSESSMENT SERVICES

a) Study Load

Under Australian immigration law, international students must study as full-time students. A normal load for a full-time Elite Education student is studying 4 units each trimester. This means 12 hours of face-to-face teaching plus any extra tutorial, language support or study skills time.

Only in exceptional circumstances may international students be enrolled in less than 100% of a normal full-time load. This must be approved in advance, or at the time of enrollment, by the Course Coordinator and the Student Service Manager.

Exceptional Circumstances include:

- You are in your final Teaching Period of an award and completing remaining units
- A reduction in load on the basis of ill health as recommended in writing by a professional medical practitioner
- On the basis of advice in writing from an academic staff member, academic support adviser, or counselor where student's long-term academic progress is deemed to require a reduced load for either one or two Teaching Periods
- Institutions where RPL or Academic Credit transfer prevent enrolling in a full-time load.

Prior to commencement of studies, EEI students have selected their fulltime study load by choosing between a trimester- or semester-based enrolment.

- A **Semester-based** enrolment means a **fulltime load** of 8 subjects across two consecutive semesters in one year (i.e., 48 credit points) for a duration of three years;
- A **Trimester-based** enrolment means a **fulltime load** of 12 subjects across three consecutive semesters in one year (i.e., 72 credit points) for a duration of two years.

Trimester 3 is a compulsory Trimester for those studying based on a Trimester enrolment.

b) Additional Learning, Language and Academic Support

Elite Education Institute understands that you may need additional learning and language support. This support will be provided in the following ways:

- Ongoing Student Learning Support

Programs commence during Orientation to assist students with the transition to a tertiary level study regime. The programs include workshops, individual interviews with students and informal support provided by lecturers/tutors. The support programs utilize a wide range of resources available on Moodle system and in the library. Individual assistance is available from specialist support staff.

- English Language and Academic Assistance

English language and academic advice workshops and resources include such topics as essay writing, report writing (i.e., student maybe suggested to undertake CMU101 – Professional Writing unit), APA referencing, avoiding plagiarism, using Turnitin, making oral presentations, and examination tips.

- Library

Library information sessions are held during Orientation. Additional workshops are scheduled throughout the year to assist students to most effectively utilize the range of library resources, including the available electronic databases. These workshops are designed to improve information literacy skills of students. Library staff are available during library opening hours to give individual assistance and advice to students.

- Information Technology

Information technology staff are available to help students with the technology available to them and with connectivity issues related to their course.

- **Academic Advice**

The Academic Dean will provide academic advice to students, such as time management, exam preparation, essay and report writing, referencing, avoiding plagiarism, library research, and stress management. The Academic Dean will also provide individual counseling to students by referral from staff or self-referral by students. Appointments can be made in person, by email or at the campus reception desk. Times available for appointments are advertised and sent in electronic form to each student.

- **Documentation of students seeking support**

Records are maintained when students are referred for additional academic or English language support. The Academic Dean also keeps records of students seeking assistance. Summary data form part of the educational metrics reported to the Teaching, Learning and Examination Committee (TLEC).

- **Academic Staff Consultation**

In-class consultation: Individual student consultations with the subject lecturer, tutor or other appropriate academic are an integral part of the learning experience for each subject. The normal weekly teaching pattern provides face-to-face lectures and a structured tutorial. Further diagnostic tutorials are scheduled to allow students the opportunity to clarify points of confusion, discuss aspects of the subject in more detail and obtain feedback on their assignments, both in draft form and on completed work.

Electronic consultation: Each unit is enhanced by an individual web-based support site through Moodle System. The Moodle System provides students with access to subject resources and also includes a forum and group email facilities that allow for the posing of questions by students and lecturers and response by both students and lecturers. Such community based facilities are moderated and controlled by the unit coordinator. All students enrolled in a unit have access to the unit web page.

c) **Evaluation & Feedback**

As part of our continuous improvement procedures, you will be asked to complete a Course Evaluation survey and a unit evaluation survey. This is your opportunity to provide us with feedback on the course, the units, the lecturers, the course administration, the facilities, the activities, resources and materials and the assessment procedures. Your comments enable us to make sure that your expectations are being met and assist us to improve our services. All services provided by Elite Education Institute will be regularly reviewed and improved. Any Suggestions will be formally addressed and documented at staff meetings.

d) **Assessment and Marking Procedures**

Details of assessment tasks for each unit appear in your unit descriptions provided on the first day of each unit. Assessment in a unit may be made up of several components: Formal examination, essays, tests, assignments, oral presentations and class participation. The final mark that a student receives in a unit will be determined by the lecturer and examiner of each unit, who will take into account all aspects of assessment.

You should take note of the following rules from the Elite Education Institute "Student Assessment Policy":

- All assessment tasks should be submitted on time. Only in cases of hardship or illness will you be able to have extensions of time. In all other cases where work is submitted late, there will be a penalty of 5% deduction per day from the total mark that would have been awarded for the assessment task if it had been submitted on time.
- Plagiarism is a serious offence. You will be severely punished in any proven cases.
- Assessment tasks should be presented as outlined by the lecturer at the beginning of the course. If tasks such as essays are not presented in this manner, lecturers will request that students re-submit their tasks within one week. 10% of marks will be deducted in these cases from the total mark that would have been awarded for the task.

- In some units, you must pass the final examination in order to pass the unit (i.e., doublepass). If you do not attend a scheduled examination and no valid reason is given, you will be graded as fail in that unit.
- All units must be attempted before the course end date.
- You must also gain a satisfactory mark in your assessment tasks, as well as in attendance and participation.
- If you do not submit assessment tasks on time, and without a valid reason approved by the Academic Dean, you will not be allowed to sit the final examination.
- The pass mark in every unit is 50%.
- Cheating in examinations will result in a Fail grade.
- If there is any grievance regarding the results, you can follow the appeals process as outlined below.

Fail 0-44%	Limited achievement in the unit. The student has some knowledge and understanding of the unit content and unit objectives but has not been able to demonstrate a satisfactory level of knowledge, competence or skills; at adequate level of competence.

f) Contract cheating

Contract cheating is where a student commissions or seeks to commission another party - either paid or unpaid - that is offering its services to produce academic work on the student's behalf.

Anecdotal reports seem to indicate that this is becoming a widespread habit among higher education students, though there is no evidence of it at Elite.

All work submitted for assessment must be your own work. Any outsourced work submitted for assessment, whether paid or unpaid, is considered contract cheating. This includes work done by a family member or friend on behalf of an Elite student. For a student to engage in contract cheating and then subsequently not to be able to perform in professional employment because of this would make that person's degree worthless in practice.

The Australian Government is enacting a new law which will make it an offence for any person to provide or advertise academic cheating services related to the delivery of higher education in Australia, whether the service is offered from within Australia or from overseas. Cheating services include:

- completing an assignment or other work for a student
- providing any part of a piece of work or assignment, including computer code
- providing answers for an examination
- sitting an examination on behalf of a student.

Legitimate assistance provided to a student with special needs; e.g., a scribe assisting a student with disability undertake an examination, will not be affected in any way.

Proposed new section 114B would make it an offence to advertise such services. This will apply to the person initiating or paying for the advertisement. It will also apply to the publisher of an advertisement, if they could reasonably have been expected to know the service being advertised is prohibited.

Be careful about being drawn into websites that claim to be in support of student learning but are actually providing students with an unfair advantage. Both new types of offences attract criminal penalties of up to two years imprisonment or 500 penalty units (currently \$105,000) and/or Civil penalties of up to 1,000 penalty units (currently \$210,000).

Penalties outlined in the draft Bill are intentionally severe, to provide visible and meaningful deterrence to the provision of or access to commercial and other organised cheating; and secondarily to provide a more streamlined and efficient mechanism for institutions to address detected cheating activity with clearer avenues of support from regulators and law enforcement.

Contract cheating is one of the **most serious forms of academic misconduct**. Where there is evidence that an Elite student has accessed contract cheating, he or she

- will receive a fail for the assessment, and
- may be suspended or expelled from the Institute.

Apart from the legal and ethical aspects of contract cheating, any instance of it would have an impact on the academic integrity of the Institute and pose a serious threat to the reputational value of a degree or diploma from the Institute.

g) Cheating

Cheating in any form will not be tolerated at Elite Education Institute. If you are caught cheating, you will automatically fail the exam and you will be awarded a FAIL grade and be required to undergo academic counseling with the Academic Dean to discuss further options. You may be required to repeat a unit if cheating is evident.

You must have your student card with you to sit an exam. You will not be allowed to sit an exam without your student card.

h) **Plagiarism**

Plagiarism is the presentation of the thoughts or works of another as one's own. Without limiting the generality of this definition, it may include:

- Copying or paraphrasing material from any source without due acknowledgment;
- Using another person's ideas without due acknowledgment;
- Collusion or working with others without permission, and presenting the resulting work as though it was completed independently.

Any work by a student of the Elite Education Institute must be:

- Original;
- Produced for the purposes of a particular assessment task; and
- Appropriate acknowledgment of the ideas, scholarship and intellectual property of others in so far as these have been used.

For detailed information, please see "Student Academic Integrity Policy" which is available at www.ee.edu.au under Forms & Policies.

i) **Assessment Appeals**

If you are dissatisfied with a grade you have been awarded for an assessment task/s, you can appeal against the decision. To do this you must follow the Institute's Assessment Appeals Policy which is available at www.ee.edu.au under Forms & Policies.

j) **Special Assessment**

If you have been prevented through illness or other unavoidable and unforeseen circumstances from satisfying the normal assessment requirements for a unit, you may apply for special treatment of your assessment. You must apply to the Academic Dean if you want to receive Special Consideration. You must apply by filling in the Request for Special Consideration form and supply the necessary documentation.

k) **Application for Recognition of Prior Learning (RPL)**

- If you wish to apply for RPL when you apply EEI course, you should first fill out the enrolment form, ticking the appropriate box, and listing academic achievements where indicated.
- After you have already enrolled, if you wish to apply RPL, you must complete the RPL Application Form available from the Student Service Office.

- There may be cause for a brief interview with the Academic Dean if there is any discrepancy between original document and copy.
